

GIANTS GET REVENGE

TAKES TEN INNINGS TO DECIDE CONTEST

McGraw's men get three tallies in tenth, winning the second game and blanking Athletics.

MATHEWSON VS. PLANK

Two Veteran Twirlers Face Each Other in Pitching Duel at Shibe Park Today—Merkle and Meyers Out of Game. Rain Threatens.

Philadelphia, Shibe Park, Oct. 8.—The New York Giants captured the second game of the world's series today defeating the Philadelphia Athletics by a score of 2 to 0 in ten innings of play. It was a pitcher's battle between Mathewson and Plank until the tenth inning when Plank perceptibly weakened and coupled with a fearful wild throw by Collins, sent three Giants scampering across the plate.

Mathewson was in difficulties in the last half of the ninth when he was combed for two hits and with Doyle's error put Athletics runners on second and third with none out. Then Mathewson with splendid pitching and an air tight defense by the field kept the Athletics runless.

Philadelphia was baseball mad today. The park was filled. The Athletics were hopeful and the Giants anxious. A mist threatened to break into rain any time.

The crowd was crazy when the Athletics appeared. Merkle, New York's first baseman, limped during practice though wearing heavy ankle braces. Myers had a finger injured while talking through at the plate and could not play. Merkle was also out, Snodgrass going to first base.

Walter Johnson of Washington was presented with an automobile which he received for being the most valuable player of any team in the American league.

Batteries.
Philadelphia: Plank and Lapp.
New York: Mathewson and McLean.

Umpire Connolly officiated behind the plate. Wright at the bases, Egan in right field, and Klem, first base and left field.

Today's Batting Order.
The batting order was: New York, Shaffer, c.; Doyle, 2b.; Fletcher, ss.; Burns, 1. f.; Herzog, 3b.; Murray, r. f.; Myers, c. f.; Merkle, 1b.; Mathewson, p.

Philadelphia, Eddie Murphy, r. f.; Oldring, 1. f.; Collins, 2b.; Baker, 3b.; McInnes, 2b.; Strunk, c. f.; Barry ss.; Shang, c.; Plank, p.

Man Fias Baker.

First Inning.
New York: Herzog popped to Collins. Doyle skied to Strunk. Fletcher fanned. No runs, hits or errors.

Philadelphia: Doyle missed Murphy's easy grounder. Oldring singled. Collins sacrificed. Snodgrass to Doyle. Baker fanned. McInnes fied to Burns. No runs, one hit, one error.

Second Inning.

New York: Burns fanned. Shaffer fied to Murphy. Murray fanned. No runs, hits or errors.

Philadelphia: Strunk grounded; Doyle to Snodgrass. Barry skied to Burns. Lapp fanned. No runs, no hits, no errors.

Third Inning.

New York: McLean popped to Barry. Snodgrass singled to left. Mathewson was cheered when he stepped to the plate. He singled to center, sending Snodgrass to third. Mathewson went to second on Strunk's low throw to third. Willie ran for Snodgrass. Witte was out when Plank took Herzog's grounder and threw to Lapp. Mathewson went to third and Herzog to second. Doyle fied to Oldring. No runs, two hits, no errors.

Philadelphia: Witte is playing first for New York. Plank out, Doyle to Witte. Murphy out, Mathewson to Witte. Oldring out, Herzog to Witte. Only four balls were pitched.

TWO UMPIRES OF THE BIG SERIES

William Klem (top) and John J. Egan.

No runs, no hits, and no errors.

Fourth Inning.

New York: Myers' injury appeared to be serious and may keep him out of the series. Fletcher out, Barry to McInnes. Burns fanned a second time. Shaffer was safe on Baker's wild throw to McInnes. Shaffer was caught stealing by several feet. No runs, no hits, one error.

Philadelphia: Collins out, Mathewson to Witte. Baker singled, McInnes out, Witte to Baker. Baker going to second. Strunk walked. Barry forced Strunk. No runs, one hit, no errors.

Fifth Inning.

New York: Murray fied to Oldring. McLean singled to left. Witte fanned. Collins, Murphy and McInnes nearly collided on trying to catch Mathewson's foul. Mathewson walked. Herzog grounded out, Collins to McInnes. No runs, one hit, no errors.

Philadelphia: Lapp out, Doyle to Witte. Plank singled to right. Burns made a sensational catch of Murphy's drive. Plank out, when Strunk's low throw to third. Willie ran for Snodgrass. Witte was out when Plank took Herzog's grounder and threw to Lapp. Mathewson went to third and Herzog to second. Doyle fied to Oldring. No runs, two hits, no errors.

Philadelphia: Witte is playing first for New York. Plank out, Doyle to Witte. Murphy out, Mathewson to Witte. Oldring out, Herzog to Witte. Only four balls were pitched.

Sixth Inning.

New York: Doyle out, Plank to McInnes. Fletcher fouled to McInnes. Burns fied to Murphy. No runs, hits or errors.

Philadelphia: Collins fanned. Baker out to Fletcher. Witte made a dazzling play. McInnes fanned. No runs, no hits and no errors.

Seventh Inning.

New York: Shaffer fied to Strunk. Murray popped to Barry. McLean fied to Oldring. No runs, hits or errors.

Philadelphia: Strunk fied to Burns.

Barry out, Herzog to Witte. Lapp singled to right, Lank fied to Fletcher. No runs, one hit, no errors.

Eight Inning.

Philadelphia: Murphy out to Witte. Collins fanned. Fletcher singled to center. Collins going to second. Collins out when Herzog took McInnes grounder and touchel third. No runs, two hits, no errors.

Ninth Inning.

Ninth, New York—Doyle out on his fly to Strunk. Fletcher singled to center. Burns walked. Shaffer out on a fly to Oldring. Murray out on a high fly to Murphy. No runs, one hit, no errors.

For Philadelphia—Strunk singled to center. Barry bunted safely and had crossed first base when Doyle piced up the ball and threw to left field stand. Strunk went to third and Barry to second. Strunk was out at the plate when Witte took Lapp's grounder and threw to McLean who touched Strunk. Barry went to third. Barry was out on the line when Witte took Plank's grounder and threw to McLean who threw to Herzog who threw to Mathewson who touched out the runner. Lapp went to third and Plank to second. Mathewson threw out Murphy. No runs, no hits, one error.

Tenth for New York—McLean singled to right. Grant ran for McLean. Witte sacrificed Plank, touching him on the line. Grant scored on Mathewson's single to center. On Herzog's grounder, Collins threw to left field trying to catch Mathewson. Mathewson went to third and Herzog to second. Doyle was hit by a pitched ball. Plank was fying fast and had lost his speed. Mathewson and Herzog scored on Fletcher's single which bounded over Baker's head. Burns fanned.

Shaffer fied out to Murphy three runs, three hits, and one error.

Wilson now catching for New York. Oldring out, Herzog to Witte. Collins fanned. Doyle took Baker's grounder and threw him out at first. No runs, no hits, no errors.

Final score—New York: 3 runs, 7 hits, 2 errors.

Philadelphia: 0 runs, 8 hits, 2 errors.

Rain During Night.

A light drizzling rain fell during the night and this morning a heavy mist hung over the city making everything wet and dripping. However if no more falls the second game of the world's series will be played here today as the field at Shibe Park is in fairly good condition.

The battle for supremacy in the baseball world between the champions of the National and American leagues which ended very auspiciously for the Athletics yesterday on the Polo grounds in New York, was fought today to Shibe Park in this city. Despite a drizzling rain which set in before midnight and continued until early today more than a thousand "fans" craved outside Shibe park, many of them since four o'clock yesterday afternoon in order to get choice bleacher seats for the second contest. If the predictions of the enthusiastic followers of the game will wait in vain.

Scalpers in Evidence.

"Take a chance" however was the motto of the crowd which lined the street surrounding the park and numbered many thousands. Ticket speculators were much in evidence today on the streets and at the hotels and a number of the coupons were disposed of at many times their face value. One \$2.00 seat for three days sold for \$40.00. The vendors usually refused to sell the seats separately.

The police have employed a special detachment to guard the Giants' lead-ers and all his players. Five hundred blue jackets and more than fifty plain clothes men have been put on duty in the park while many detectives will be distributed through the crowd to protect spectators from pick pockets. It is said that orders have been issued to suppress open betting on the contest within the confines of the park.

Mathewson vs. Plank.

Weather conditions may have much to do with the decision as to which battery will be chosen by the opposing managers. However, Mathewson

CHARGES BRING OUT DENIAL FROM WILSON

PRESIDENT DECLARES HE IS NOT PRODDING REBEL DEMOCRATS IN LINE ON THE CUR-RENCY BILL.

VANDERLIP'S CRITICISM

Frank A. Vanderlip Talks to Senate Banking Committee Admitting That Proposed Measure Has Some Merit.

Washington, Oct. 8.—Reports that President Wilson was attempting to prod democratic senators into quick action on the currency bill and a published statement that he would class as a "rebel" any democrat who did not support him, brought out an emphatic denial from the White House today. The president made public the following letter:

To the Editor of the Washington Post: Sir, I am quoted in your issue of this morning as saying that any one who does not support the currency bill is a rebel. Of course I never said any such thing.

It is contrary both to my thought and to my character and I must ask that you give the very prominent place in your issue of tomorrow to this denial. Very truly yours, Woodrow Wilson.

Confident of Adjustment.

At the White House there was a disposition to look upon the currency situation, as on the way to amicable adjustment. The president, it was said today, feels sure that Senator Clegg, of Ohio, would soon join the administration supporters in the banking and currency committee and that Senator O'Gorman would in the end side with the majority. There was no such sanguine feeling, however, with respect to Senator Hitchcock.

Criticizes Certain Points.

Frank A. Vanderlip, president of the National City Bank of New York, told the senate banking committee today he endorsed many important features of the administration currency bill. Mr. Vanderlip, however, criticized adversely certain points, notably the independence of the regional reserve banks, the character of the new administration plan and the issue compelling all national banks to become members of the proposed system.

Aside from those objections, however, he found many excellent qualities in the plan and he said that he would issue with many bankers who have criticized adversely different parts of the bill.

Would Prevent Panics.

A repetition of the panic of 1907 from such causes as have been brought about by the proposed banking system, said Mr. Vanderlip. He declared that the call loan market would be greatly minimized by the proposed system, and that the hundreds of millions of dollars now used for call loans on stock exchange collateral would be turned into commercial channels. The reserve system proposed would be superior to the present system, he said.

WHITE SLAVERY ACT VIOLATION CHARGED

Arthur Carey, Traveling Salesman, Arrested at Green Bay by Deputy United States Marshals.

Green Bay, Oct. 8.—Arthur Carey, traveling salesman, was arrested here today by United States deputy marshals on the charge of violating the Mann white slave act and he was arraigned before United States Court by U. S. Attorney General.

It is alleged that he transported across state lines a woman, twenty-two, from her home at Silver Lake, Wis., to Antioch, Ill., in November, 1910. Carey had been sought since that time, and was finally captured here. The case was adjourned until next Tuesday when Carey will be given a preliminary hearing. Carey was unable to furnish a bond of \$3,000 and is in the county jail. The girl, who goes under the name of Mrs. Barbara Fleuter, who is said to be the girl's mother, signed the complaint.

REJOINED PRINCESS VICTORIA IN BERLIN

Prince Ernest of Cumberland Holds Reunion Regarded as Sign That Trouble is Past.

Berlin, Oct. 8.—Prince Ernest of Cumberland, returned here today and rejoined his wife the Princess Victoria Louise who has been staying in the Schloss near Potsdam, while recovering from her recent indisposition.

The reunion of the prince and princess is regarded here as a definite sign that the recent trouble over the succession to the throne of the duchess of Brunswick was rather a controversy between the imperial Chancellor Dr. Von Bethman Holweg and his advisors than between the Hohenzollern and Guelph families.

SECRETARY BURNED SULZER MEMORANDA

Practically All Check Books, Check Stubs, and Other Evidence of Contributions Destroyed.

Albany, Oct. 8.—Louis A. Sarecky, formerly Governor Sulzer's campaign secretary under cross-examination at the impeachment trial today, told how he had destroyed practically all of the check books, check stubs and memoranda in connection with the contributions to the governor's campaign fund which were in his possession. He also admitted omitting the contributions of prominent brewers from the campaign statement which he said he prepared and which the governor swore to and filed with the state of state. The cross examination of Sarecky was not completed at the close of the morning session.

SOX SCORE FIRST IN TODAY'S CONTEST

Get To Cheney For Two Runs in Opening Round, by Safe Swatting—Russell Pitching For White Hose.

Chicago, Oct. 8.—In the first contest for the championship of Chicago, at the Cubes park this afternoon, the White Sox, with Russell pitching annexed two runs to their column in the first round. The Cubs failed to score up to the fourth. Cheney is on the mound for the West Siders, and both he and Russell are hurling masterful ball.

In the fourth inning, the Sox and Cubs each secured one run, and again in the sixth, each club scored twice, making a score, three to five in the Sox's favor.

The Sox scored again in the seventh while the Cubs were credited with a tally in the ninth. Scott ended the game on a fly for the Sox and Lavender was relief man for Evers' team. Final Score:

EPISCOPAL CLERGY MEET IN NEW YORK

Forty-Third Triennial Convention Opens With Impressive Ceremonies Today.

[SPECIAL TO THE GAZETTE.]

New York, Oct. 8.—With most impressive ceremonies the forty-third triennial convention of the Protestant Episcopal church of the United States was formally opened today. Within the walls of the Cathedral of St. John the Divine, situated on the highest point of Manhattan, the bishops and their general assembly watched the movements of the British occupants of New York during the dark days of the American revolution, were assembled in the cathedral to discuss the future of the Episcopal denomination. The bishops, or fathers of the church, were there in greater number than any previous council. The clergy were represented by theologians of eminence and orators of renown, the laity by financiers whose influence is international, lawyers of whom there were none more able and men of other professions who have taken the top round of the ladder of fame.

Impressive Procession.

A few minutes before eleven o'clock, the hour of the opening, the procession entered the cathedral, formed in the Old Synod Hall for the procession into the cathedral, in which they were preceded by the full cathedral choir, one of the most noted organizations of church members in America. The members of the choir wore full surplices, and as they marched along singing the processional hymn, "Forward be Our Watchword," the president of the convention, Bishop Tuttle of Missouri, the senior bishop of the church and the presiding officer of the house of bishops.

The bishops were clothed in the full vestments of their office, including, beside the customary gown of the bishop, the degree hood, as it is called. Arriving at the entrance to the cathedral, the procession moved down the main aisle, where the choir filed off to either side and took the customary seats in the chancel. Then the bishops fell back into two lines, between which Bishop Tuttle advanced to the chancel and the others took the seats provided for them according to seniority.

Bishop Tuttle Officiated.

The service, which did not differ from the regular communion service of the denomination, was fully choral. Bishop Tuttle officiated and administered the sacrament. The sermon was preached by the Right Rev. William Lawrence, the eloquent bishop of Massachusetts.

At the close of the opening ceremonies in the cathedral the bishops returned to Old Synod Hall, and, on being called to order by Bishop Tuttle, the interesting formality of welcoming and introducing the members of the convention was carried out. A brief memorial service was also conducted in honor of the prelates who have passed away since the last triennial, foremost among whom was the Right Rev. William C. Doane, the famous bishop of Albany.

This afternoon the convention proper assembled for business, the house of bishops meeting in the Old Synod Hall and the house of deputies in the more spacious New Synod Hall. The first work, of course, was organization, and that occupied practically the whole of the afternoon, the houses notifying each other of such organization, as is customary in congress.

CLERGYMAN FIGHTS SUIT FOR DIVORCE

The Rev. Edward Shepley, Former Presbyterian Minister at Manitowoc, Defendant in Action.

[BY ASSOCIATED PRESS.]

Green Bay, Oct. 8.—The divorce action brought by Mrs. Edward Shepley, against her husband, Rev. Edward Shepley, a former Presbyterian minister of Manitowoc, was tried in circuit court yesterday and taken under advisement by Judge Hastings. The minister is fighting the action, claiming he is unable to secure a parity since the divorce suit was instituted and says he could get a call at Alliance, Ohio. The salary there is \$2,500 a year. The wife claimed on the stand that she and her husband engaged in altercations, but he denied this, saying they had no trouble, but that his wife told him she had a better home in Springfield, Mass., and told the court he had always given his wife \$60 a month for household expenses.

NEW CURRENCY BILL OPPOSED IN REPORT

COMMISSION OF AMERICAN BANKERS' ASSOCIATION REPORTS AT CONVENTION IN BOSTON.

CONTROL OF RESERVE

Objection Raised to Reserve Board Having Entire Control of Fund.—Fear Political Domination and Mismanagement.

[BY ASSOCIATED PRESS.]

Boston, Oct. 8.—The currency commission of the American Bankers' Association, reporting today to the Association in convention here, asserted that it favored the old national monetary commission bill and opposed the currency measure now before congress, for the following prime reasons:

Because under the old plan investment by bankers in the stock of the Central Reserve Association was elective, not compulsory, whereas, under the proposed bill, bankers must subscribe one-fifth of their capital stock to the federal reserve banks or go out of business.

Because under the old plan money invested in the stock of the Central Reserve Association was under the control of the banks investigating, where, under the proposed bill, the federal reserve board, dominating the reserve banks, was without the bankers' control.

Many Signatures.

Because such control by bankers—denied them in the proposed bill—was a guarantee against political domination and incompetent management, "two important respects where in the pending measure is lacking."

The report of the commission is signed by A. Barton Hepburn, chairman of the Chase National Bank of New York, president of the commission; James B. Forgan, president of the First National Bank of Chicago, vice chairman and the following members of the commission: Festus W. Wade, president Mercantile Trust company, St. Louis; Joseph T. Taibert, vice president National City Bank, New York; George M. Reynolds, president Continental & Commercial Bank Chicago; John A. Carlin, of Peoria, Ill.; Riley Inc., Los Angeles, Cal.; Luther Drake, president Merchants' National Bank, Omaha; Sol. Bixler, vice president Whitney Central National Bank, New Orleans; Robert W. Taylor, president People's National Bank, Pittsburgh; E. F. Swinney, president First National Bank, Kansas City, Mo.; Joseph A. McCord, vice president Third National Bank, St. Paul; J. H. McLaughlin, president Security Trust and Savings Bank, Los Angeles; Levi L. Rue, president Philadelphia National Bank, Philadelphia; E. L. Howe, vice president Princeton Bank, Princeton, N. J.

Hardship on Banks.

In part, the report reads, as follows: "The bill in its present form imposes undue hardship upon the banks, and equally undue hardships upon the general public. The interests of the bankers and commercial public are coincident, no injury can be inflicted upon the one without inflicting suffering upon the other. When business is active and prosperous, the bankers share in the benefit; when it is languishing, he feels the ill effects. The chief function of the banker is to loan his capital and other resources to his customers so that they may increase the activity and extent of their business. Any withdrawal of the bank's capital from these legitimate channels of investment not only results a loss to the banker, but also to the business public.

"The banks are required to subscribe to the federal reserve banks an equal amount, to 20 percent of their capital, one-half of which must be paid in at once, the other half being subject to call. This is to be taken over and placed under the management of a corporation in which the banks have no voice or representation, but very limited voice indeed. In return for the capital thus appropriated the banks receive a certificate, which cannot be sold, assigned or hypothecated, and which is one of the most worthless of property can be exercised. The banks are obliged to make this subscription, or be dissolved. Charters have ever been regarded in the nature of a contract, and it is doubtful if, under our constitution, congress can take away the charter of a bank in this summary manner, not because the terms of the charter have been violated, but because the bank management might refuse to make a coerced investment such as the pending measure provides.

Call Proposal Socialistic.

"There is no provision whereby a bank which subscribes money to the capital of the federal reserve bank can recover the same, except by liquidation, either voluntary or enforced. A bank is given a maximum return of 5 per cent upon capital subscribed—if earned. If the government can appropriate one-tenth of a bank's capital in the manner provided by this bill, they may appropriate one-tenth next year, and so on until the capital is all transferred to the government bank. If they can fix the compensation at 5 per cent this year, they make it 4 per cent next year, and 3 per cent, 2 per cent, 1 per cent or nothing—a very simple and easy process whereby the entire capital of the banks may be transferred to the government.

"There are a great many different kinds of socialism; but, however, the various theories differentiate them, all agree upon the fundamental proposition that the government, that is the community as a whole, should own all the real estate, all manufacturing enterprises, all banks, all transportation companies—in short, all money-making utilities. This proposition of the government to take the banks' capital in the manner provided, carries the extreme, would easily accomplish, so far as the national banks are concerned, this contention on the part of the socialists. For those who do not believe in socialism it is very hard to accept and ratify this proposed action on the part of the government.

Explain Differences.

"It has been proclaimed in congress and in the public prints that many features of the pending measure are exactly like the similar provisions of the bill reported by the national monetary commission, and which the bankers in convention approved. The question is asked, Why, if the banks approved such provisions,

ALL EYES TURNED ON MATHEWSON THE SPLENDID; HIS PITCHING LIKELY TO BE MOST SPECTACULAR FEATURE OF WORLD'S SERIES

The wonderful pitching of Christy Mathewson, called the greatest master of pitching skill that baseball has produced, may be the feature of the 1913 world's series. Matty has had a great season, and today he is in the best of trim.

Some of the things that account for the success of the Big Six and make him feared by Connie Mack and the latter's husky proteges, are his magnificent physique, remarkable powers of endurance and baseball intelligence of a high order. With these he perfected the fade-away, conserved his strength and catalogued mentally all the batting peculiarities of his strongest opponents.

In the 1911 series, Matty was three times pitted against Chief Bender of the Philadelphia Athletics, and won the first game but lost the other two.

FAIRY PLAY GIVEN BY YOUNGER GIRLS

Melodrama "Sleeping Beauty" Enjoyed by Large Crowd at Third Street Home Last Evening.

Before a crowd that packed the home of Mr. and Mrs. L. F. Werten-dyke, 414 South Third street, last evening, a number of third ward girls presented in a capable manner the popular melodrama entitled, "Sleeping Beauty." The play was adapted to the available material by the Misses Helen and Ann Conner, who really evolved an all-star combination. There was no stage fright noticeable and each young lady handled her lines in an almost perfect manner. A portion which hung between two rooms, was used as a drop curtain, with pleasing results. Miss Joan Muggleton furnished the music for the occasion, and the play proved all the stronger on account of the tragic or joyous melodies which were rendered.

The cast for the production is given as follows:
Act 1—Spring, Elizabeth Sayles; summer, Esther Muggleton; autumn, Mary Atwood; winter, Ann Conner; page, Catherine McManus.
Act 2—Page, Catherine McManus; first lord, Helen Conner; first lady, Virginia Parker; second lord, Lola Van Pool; second lady, Ethel Bennett; third lord, Esther Muggleton; queen, Elaine Osborn; king, Bernice Smiley.
Act 3—Winter, Ann Conner; princess, Virginia Parker.
Act 4—Winter, Ann Conner; shining prince, Helen Conner.

SEPTEMBER REPORT OF NURSE RECEIVED

Nineteen Cases Remain Under Care of City Visiting Nurse—Ninety Calls During Month.

Ninety calls on patients were made by the municipal visiting nurse, Miss Agnes Anderson, during the month of September, according to her report for that period, filed with the city council at its meeting yesterday afternoon. Twenty-eight patients were cared for, of whom twenty were old cases and eight new cases. Three were dismissed recovered, four improved, and two died. Nineteen patients remain under her care. The diagnosis of the new cases are as follows: Tuberculosis, 1; heart trouble, 2; typhoid, 1; tonsillitis, 1; maternity, 1; intestinal trouble, 1.
Health Officer Dr. S. B. Buckmaster reports that there is only one card for contagious disease, one for typhoid, that is up in the city at the present time, and that will soon be removed. This did not originate from the local water supply. The fact that the city schools have been open for five weeks without any contagious disease developing is very gratifying, both to the teachers and the health authorities.

FRESHMAN BANQUET UNDER NEW RULING

Seniors Will be Given Trial to Run Annual Reception, With Aid of Faculty Committee—Date Uncertain.

Supt. J. C. Buell has made out a new ruling, which if worked out successfully will be adopted, making possible the entertaining of the freshman class each fall, at the so-called Freshman banquet. In past years the seniors have taken too many privileges in regard to several matters, and so it was decided by the school board to cancel all future receptions of this sort.
Following a complaint by many of the seniors, the board reconsidered the question, and after laying down certain rules governing their conduct and preparation of the affair, they decided to give this year's senior class a last trial. The following rules were read to the seniors at a recent meeting:

"There shall be a faculty committee this year to work with the committee from the senior class. Also there shall be no decorating of the gymnasium between classes, or during school hours. This form of decorating last year, caused many students to neglect their studies, and later about the building and sometimes students were known to have even skipped their classes."

"In addition to these two amendments, there has been a petition passed throughout the junior and sophomore class for the boys to sign, declaring that they will not interfere in any way with the reception, in the line of hazing or disorder. They have agreed to stay away from the school entirely on the night of the affair."

The date for the banquet has not been decided upon as yet, but the senior class will be called together as soon as possible to arrange a date and appoint their committees. Prof. Buell believes this plan will work out well, thus enabling the seniors of future years to enjoy the annual fun of entertaining and welcoming the freshman class into the school.

LITTLE BUSINESS BEFORE CITY COUNCIL YESTERDAY

Little business was brought before the city council for its consideration at its meeting yesterday afternoon. Reports from the city treasurer and the visiting nurse for the month of September were accepted and ordered placed on file; a communication was received from the Board of Education asking an appropriation of \$45,000 in the next budget and sidewalks were ordered laid in front of property on South Main street and North Jackson street.

COUNTY HISTORICAL SOCIETY PROPOSED

Steps Toward Organization of One to be Taken—Has Possibilities of Great Interest.

Formation of a Rock County Historical Society for the purpose of collecting, recording and giving publicity to interesting and significant facts in the history of Rock county and the collection of curios and objects of different kinds intimately associated with its history is proposed by a number of Janesville men and steps will be taken at once toward the accomplishment of that purpose. Following the adjournment of the board of education on Monday night, its president, Dr. S. B. Buckmaster, was delegated to confer with the members of the library board and learn if there was not an unused room in the library building which could be set aside as a meeting place and museum for the proposed organization.

It is believed that if a county historical society is to be organized, it should be interesting, instructive and stimulating, and should study and local patriotism, and would undoubtedly co-operate with the State Historical Society to the mutual advantage of each.

In the homes of Janesville residents are to be found relics of the pioneer period, the Indian wars, the Civil war, which in the aggregate would make a surprising showing. The city also has buildings with a historical interest which should be properly marked and made known.

SEARCH BLACK BELT FOR LEEGSON SLAYER

Chicago Police Continue Hunt For Murderer of Art Student.

Chicago, Oct. 8.—Detectives combed the so-called black belt on the South side today in search of the tall, powerful, copper skinned negro who lured Miss Ida G. Leegson, the art student, to a lonely spot outside the city limits Saturday night, and strangled her with a stolen cord.
They obtained an exact description of him from the pawn broker to whom he sold his victim's watch on Sunday morning. The negro also tried to sell a open knife which bore the name of Miss Leegson but which the pawn broker considered as worthless. The negro said the articles belonged to his sister.

The Leegson case is similar to that of Miss Emma Robinson, a nurse who last April was lured to a vacant house on Michigan avenue. Miss Robinson was called on the telephone and asked to come to the house on a professional visit. When she arrived there a tall and slender negro dragged her to the side and attacked her. She recovered.

A negro said to answer to the description of the man wanted for the murder was taken from a box car at Delphi, Ind. today, and will be held until Chicago detectives can have a look at him.

CITY OFFICIALS CAN'T WRITE CITY INSURANCE

Madison, Oct. 8.—A city officer should not, as a matter of practice, write insurance on city property, ruled Attorney General Owen today. "Where such insurance contracts now exist the interests of the city demand that they be cancelled and new policies be written," he said. In the future, city officers should advise city business of any kind, he added.

VOICE OF THE PEOPLE

The 25,000 Club at their meeting last Monday evening took a step in the right direction when they took action to see if a better street railway system could be secured for Janesville. It was only one day last week, we understand, when the car coming from the cemetery down Academy street, that the brakes refused to work and the cars went through the gates and broke them.

This morning on Milton avenue the brakes broke down and fell to the ground making it necessary to send for another car to help the disabled one down the hill. Suppose the brakes had failed on the Milwaukee Street hill? No telling what damage would have occurred, both to life and property. The fact that the street railway is not in as flourishing a condition as it should be, should not be an excuse to endanger the lives of passengers. If Janesville had as good cars as Beldin there is no doubt but that the line would bring in more dividends and the stockholders would feel more like extending the tracks around the city. As the conditions are now people cannot be blamed for walking. The cars are unsafe and unfit. They are a lot of discarded cars that were in use before they were ever brought to Janesville. They are nothing but rattle traps, and are fit for the junk pile. We

LET US BUY YOU A SPOOL OF THREAD

We want you to make a quality test of Bowstring Six Cord Spool Cotton and compare it with the thread you are now using. We know that if you will once use Bowstring thread, you will say that no other thread equals it in strength, smoothness and freedom from defects. The Sea Island cotton used in Bowstring thread has a fibre longer and finer than any other cotton in the world. Dressmakers say that Bowstring is so free from defects, that with it they can run their machines all day long without a skip or a break. The price is as usual—5c a spool.

This Coupon is Worth 5c

This coupon will buy at our store a 5c spool of Bowstring thread. But the coupon must be presented in order to get the spool as we must send to the manufacturer a coupon for every spool put out in this way. NEW CURRENCY BILL PROPOSED IN REPORT

(Continued from page one.)
sions in the so-called Aldrich bill do they oppose similar provisions in the so-called Glass-Owen bill? This is the reason:

"(a) Investment in the stock of the Federal Reserve Association created by the bill of the national monetary commission was permissive, not compulsory. Banks might invest in the same if they chose, or they might decline the opportunity, in accordance with the dictates of their business judgment.

"(b) Under the terms of the bill of the national monetary commission the bankers controlled the management of the Central Reserve Association. It follows that an investment in the stock of the association was an investment of their own control and management. On the contrary, investment in the stock of the federal reserve banks of the Glass-Owen bill is compulsory. The individual banks have a minority representation in the management of these federal reserve banks and have no voice whatever in the selection of the federal reserve board which dominates the federal reserve banks, and the proposed measure only provides that one of the seven members must have banking experience.

"That is, that the bankers control the Central Reserve Association was a guarantee against political control, and it was equally a guarantee against incompetent management—two important respects wherein the pending measure is lacking."

Backache Vanishes Rheumatic Pains Go

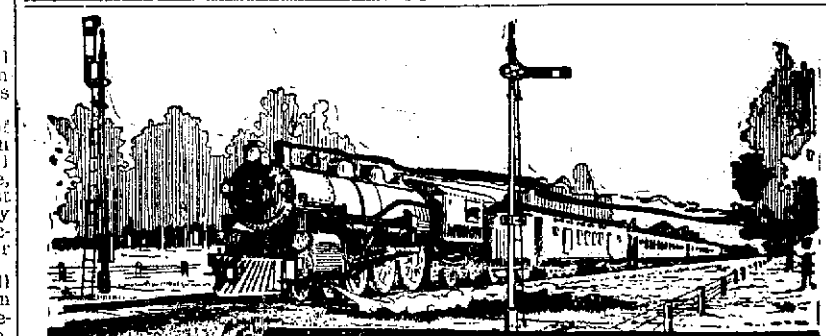

Few Doses of Croxone Ease Stiff, Sore, Swollen Joints and Muscles, Relieving Backache and Bladder Disorders.

If you suffer with backache—have pains in the neck or sides—nervous or dizzy spells—a few doses of Croxone will relieve the congestion and you will be surprised how quickly all kidney bladder and rheumatic troubles will disappear.

Croxone promptly relieves these diseases because it really does reach the real cause. It soaks right into the walls and linings of the kidneys, cleans out the stopped-up inactive organs, neutralizes and dissolves the uric acid and makes the kidneys sift from the blood the waste and poisonous matter that lodge in the joints and muscles to scratch and irritate and cause rheumatism. It soothes and heals the delicate linings of the bladder and gives the kidneys the renewed strength so they can filter the blood and keep you well.

Croxone is different from all other remedies. It is so prepared that it is practically impossible to take it without results. An original package of Croxone costs but a trifle, and all druggists are authorized to return the purchase price if it should fail in a single case.

RACES AT DRIVING PARK PROMISE THRILLS FRIDAY

LOCAL FAVORITES, RETURNING FROM CIRCUITS TO RACE, ENDING SEASON.

GOOD FIELD TO START

Six Cylinder Penn and Mable Riser Will Race for Supremacy.—Odd Bet on Nichols' Horse.

(By C. E. "Buck" Hunter.)

Now that our local horses have returned from the different racing circuits, and since their return several arguments have arisen between various owners as to who had the best horse, the Park Association has arranged this matinee and the home folks will have the pleasure of witnessing some good races on Friday afternoon.

In the free-for-all trot and pace, Six Cylinder Penn 2:12½, Mable Riser 2:16½ and Brown Bessie 2:12½ will be the starters. Quite a bit

of interest will be taken in this race as the people have not had the pleasure of seeing Mable Riser trot except in her workouts early in the season, and it is a question in the minds of those two owners which is really the best trotter and for the real sport of the game will be willing to try these two good trotters out.

A novel wager between the owners of J. C. N. and Peter Emmett has been made and this race should be a corker. The wager is that the owner of the horse that wins shall have an oil painting made of the horse at the expense of the owner of the losing horse. Now can you imagine there will be any hoofing in this race? Look out for some whipping finishes. The fourth race will consist of Evansville local horses as those gentlemen have consented to bring their horses here, not only to be on the program but to try for honors as there is a great deal of money involved in the four horses that have decided to come and the class will consist of D. H. S. owned by Joe Shively, Harry Nowlan, owned by Chas. Blackman, Young Horse, owned by Geo. Thurnell, and Nera, owned by Geo. Thurnell. The races will be held at 2 o'clock and the public can be assured of a good treat in horse racing.

NEED LIBERAL SUPPORT

Future of Driving Park Association Will Depend on Interest Manifested by Citizens.

Directors of the Janesville Park association are particularly anxious that the final racing event of the season on Friday afternoon result successfully, and the interest shown by the Janesville public in the matinee program will indicate much regarding the future success of the association as a sponsor for good horse races in this section of the state.

The directors request that the stores throughout the city close for the afternoon in order to allow employers and employees an opportunity

county and southern Wisconsin.

"We want to make this last meeting of the season a round affair," said John Sheridan, one of the association directors this morning. "We want to make it a success financially and need the attendance of the Janesville citizens. The owners of the horses have entered their animals for pure love of sport and not for any big purses, for none have been offered. The Evansville and Beloit men will have their expenses paid."

Frank P. Croak, another of the directors, who is campaigning with the rest for a big meet to close the season, said: "We have placed the admission price low enough for all. Twenty-five cents is the least we can charge. What we want is actual assurance that Janesville people appreciate what the park association has done and is doing for the city. They have said in this by attending our final program of the year."

The tracks are in excellent shape for the contests and a bright day is all that is needed. The weather man is relied upon to come forward with his support. An urgent invitation is extended to Old Soats.

The following program has been made out:

JANESVILLE HIGHS HAVE HEAVY SQUAD

Team Picked for Freeport Game Averages Over 150 pounds—Great Prospects For Winning Eleven.

Curtis has shifted his men around now in the way he wants them for the Freeport game Saturday, and he believes he has worked out the best combination available for the material on hand. With several new men in the lineup, five in the line, and two in the backfield, there has been a decided change, and besides adding these experienced men, he has added speed. Without a hitch, the eleven ran signals at yesterday's practice, and some stiff scrimmage was also undergone.

The backfield averages about the same as the line, so that the team is almost perfectly balanced. Atwood, left half, tips the beam at 155 pounds, while his playing mate, Dearborn, at right half, weighs 155. The latter is a stocky man, and short, but is a fast runner, while Atwood is over six feet in height with a quick sidestep. Dalton, the fullback, with three years experience, in the game, tips at better than 150.

The line comprises mostly veteran material. They are at present showing up wonderfully, and predictions are that Curtis, mentor of the local squad is anticipating a victory at Freeport although he says little.

Hayes, star left tackle from Lawrence college, who played in 1910, when the northern school held the Wisconsin varsity tie, has been aiding the line considerably for the past few nights. The first night, he was out, he tore through the line almost at will, but now he scarcely has a chance to see the plays, as the line are a vast improvement, over their ability shown the first part of the week.

WOLGAST PREPARED TO BATTLE NELSON

Declares That Opponent Will Not Have to Look For Him Next Monday Night.

[BY ASSOCIATED PRESS.]

Milwaukee, Wis., Oct. 8.—"You can just say that Mr. Nelson will not have to look for me when we meet next Monday night."

That is the way Ad Wolgast paraphrased his remarks anent his coming battle with Bailing Nelson before the South Side A. C., at the Elite rink on Oct. 13. Wolgast has been in Milwaukee training for his bout with Nelson for over a week, something the ex-champion, has never done before for a ten round bout. Think of the great Ad Wolgast training fully two weeks for a ten round bout and then you have just a faint idea of the great rivalry which exists between Nelson and Wolgast.

On the other hand Nelson is working the links out of his system in Chicago working like a Trojan for his battle with his ancient rival. But is firm in the belief he can lick Wolgast over any route and after trailing Wolgast since he lost the title, this will afford him his first opportunity of demonstrating what he has so often claimed.

OLD MUTUAL PLAYERS NAMED IN BALL TALE

Frank Smith and Jack Abbott Figure In Humorous Story in Lardner's Column, Chicago Tribune.

Janesville friends of City Assessor Frank Smith and Jack Abbott have taken great pleasure in showing them a clipping from the Chicago Tribune from R. W. Lardner's humorous sporting column, which describes a play, when the old Janesville Mutuals were in their prime. The play in question is called "the most brutal play ever dreamed of." Joe Cantillon, manager of the Minneapolis American Association team was umpire of the contest. The article is as follows:

"The following was sent in as a 'Worst Bonehead Play' and the recipient of it was John De Long, who has a strong alibi. This department has no dollars with which to reward contributors, and therefore prints it as the Most Brutal Play Ever Dreamed Of."

"Dear Sir: The worst bonehead play I ever saw happened in Janes-

ville, Wis., years ago, but is still fresh in the memory on account of its disastrous results. The game was between the famous old Mutuals and the Stars. The Mutuals were all ex-lancers and were at bat in the fifth inning with two out and Jack Abbott on first, waiting for a hit to bring him in. Peck Sharp at bat hit a long fly to right field which Frank Smith of the Stars captured and Abbott, waiting for the catch, then tore for second and slid into Second Baseman De Long (now with "The Tribune") and nearly tore the leg off him. Seeing that Smith had thrown towards first he started for third and knocked down Sharp and Larry Edginger, who had started for their positions in the outfield. He slid into third and as the ball had rolled past the first baseman, he started for home and Umpire Cantillon, who was dusting off the plate had a leg of his trousers torn off in his slide for the plate.

Yours truly, T. R.†

HIGH LIFE in Panama

BROWN BOTTLE FACTS

The fact has been fully established that brown bottles are used to protect common beer.

High grade beer does not need the protection of brown bottles, because its quality makes it immune from deterioration by ordinary influences.

Remember this—HIGH GRADE BEER COMES IN LIGHT BOTTLES, and that light bottles are always absolutely clean. Discriminating beer users invariably order for their homes, but insist upon it when in the cafe or restaurant. Have you ever noticed how little the brown bottle is served in the better class of public places? The public knows what it wants.

Referring to high grade beer, Wahl-Henius Institute of Fermentology, the world's greatest authority on brewing, has this to say—"It certainly settles the question of what beer is best for the consumer to use."

To our Clients.—Chicago, November 12, 1912. Please take note of the fact that we have recently given our opinion to one of our clients as to the relative merits of the white and the brown bottle for beer.

Referring to your recent request for our opinion on the relative merits of the white and the brown bottle for beer, we wish to say that the ONLY bottle consists in the protection it affords against the influence of light, so that with the usual precautions a bad effect need be feared.

IS PREFERABLY EMPLOYED because it can more readily be inspected before filling to insure thorough cleanliness, and because the finished package reveals at a glance whether the contents meet the requirements of the consumer as to color, clarity and freedom from sedimentation.

"Yours very truly, 'WAHL-HENIUS INSTITUTE OF FERMENTOLOGY'."

MOODY STILL LIVES.

The Moody Bible Institute, founded by D. L. Moody, in Chicago, in 1886, is proving a perpetual reminder of the great man whose life was dedicated to service, and whose memory will long be cherished. The institute is a charitable organization, dedicated to the man who founded it, and supported by philanthropic people.

At the annual meeting, recently held, the treasurer reported that the expenses for the year amounting to \$228,000 had all been met with the exception of about \$800. Additional buildings are needed for the work, and an effort will be made to supply them this year.

The report includes a summary of the work for the year and says that 1947 students passed through the hands of the institute during the year in the day, evening and correspondence departments, as against 1,659 the year before. They represented twenty-seven different denominations, thirty-seven states and twenty-three foreign countries. One hundred forty-two were graduates, of whom a large proportion had foreign missionary work in view, although the institute is proving to be a great help to home missionary boards in supplying men for frontier fields in our own land. It also does a great work for Chicago itself, where the larger part of the students obtain their training in practical Christian work. Last year they conducted or rendered other service in 16,033 religious meetings in the city, taught 13,161 bible and mission study classes, made 21,244 personal calls, conversed with 35,722 persons on the subject of salvation and reported 4,721 souls who had professed conversion to Jesus Christ.

The work is non-sectarian and covers many fields of practical service. It is entitled to most liberal support not only by the churches, but by that large fraternity of brother-in-laws whose wives represent the family in church work.

LABOR DEMANDED.

According to immigration officials there is a nation-wide demand for unskilled labor. From the farms of Vermont, the coal-fields of Pennsylvania, the coke regions of Ohio and the prairies of the West the cry for men is real and insistent. And this in spite of the influx of aliens which for the first half of the present year broke a record with 693,855. The immigration experts do not deal in generalities. They quote figures and declare there is room for twice as many. In Pittsburgh the steel mills could use 10,000 men and building operators as many more. The output of the Connellsville coke ovens has been curtailed one quarter for lack of labor. In West Virginia coal mines are running half time. Kansas alone earlier in the year could have given work to 25,000 harvesters. These statistics explain the news items we see from time to time wherein farmers are described as offering the use of autos and \$5 a day to able-bodied men who will work in the fields. The outlook is not one of depression, sure. The truth is, there is plenty of work for those who really want to work.

An eastern exchange thus discourses on the universal demand for unskilled labor. This is the most hopeful sign of the times, for when the cheapest class of labor is employed, skilled workmen are seldom idle. Very few, if any, of the trades are overstocked with labor. When the Recorder force was let out the other day, on short notice, all of the men found positions in less than forty-eight hours. The printing trade is short of men, and the same conditions prevail in many other lines.

Unless tariff changes cause a general upheaval in business, there will be no great disturbance. Capital is generally employed, and confidence is so universal that money is not likely to go into retirement. Busy money usually means busy people and when everything is on the move there is no chance for stagnation.

The recent wreck on the New Haven railroad was followed by a searching investigation as to who was responsible for the accident. The management has been severely criticized for promoting incompetent men, because of seniority, and the company was compelled to abandon the practice. As a result the engineers and firemen rebelled, and a strike was likely to follow, when Governor Foss came to the rescue and issued a restraining order which is likely to effect wholesome results. This is a move in the right direction as public safety is of vital importance.

The council can well afford to take over the playground equipment so generously furnished by public-spirited citizens, and carry on the work so well begun. The work should be enlarged until every section of the city is served. The playground movement is not a fad. It has come to stay because it has everything to recommend it. The mission means more than happiness to child life for it contributes to both health and moral character. The Gazette voices popular sentiment in saying, let the good work go on.

Sixty leading American manufacturers are planning a world's campaign to extend over a period of two years. A force of salaried men well equipped with samples, will visit all parts of the old world, and study customs and trade conditions. They will work along the same lines as the United States Steel Corporation has been working for the past few years, with marked success. This spirit of enter-

prise is most commendable, and results should be far-reaching. The nation will be advertised as never before.

A Chicago congressman has introduced a bill prohibiting the slaughter of veal calves under two years of age, with a view to reducing the price of beef. This is a move in the right direction. The claim is made that 13,000,000 calves are slaughtered every year. Prices paid are so attractive that only prohibitory laws will regulate. Veal is the poorest meat in the market and the people can well afford to do without it. The price of beef will come down, when the source of supply is protected.

The city of Nome, the most northerly city in the world, was practically wiped off the map by a tidal wave, a few days ago. The population, once 26,000, had dwindled to about 2,000, and the rich sand, from which the gold was formerly extracted, is exhausted to large extent. The city has produced some \$35,000,000 in gold dust, and twice that amount has been spent by adventurers in the mad rush to gain a fortune. Nome has been the graveyard for many lives as well as fortunes.

UPPER MOMENT

Growing Old.
It seems but yesterday when I was full of pep and was young and spry.
I worked all day and I danced all night.
And I got up feeling out of sight.
But now, if I stay out once a week
My head feels dull and my joints all squeak.
I've not changed much in my form
But I can't but round with the old-time grace.

The solemn truth is impressed on me.
I'm not as young as I used to be.
It seems but yesterday when I was round and hittin' the spots called high.
'Tis no time, since I was a gay young blade.
But now I can't somehow make the grade.
Let others go out and make the speed.
I'd rather sit home and smoke and
I do not yearn for the first row seat.
At the musical shows, but am more discreet.

And so, it is very plain to see,
I'm not as young as I used to be.
My hair it is thinner, by far, on top.
And now a young buster calls me "pop."
And another sign is on hand. Gee whizz,
A little touch of the rheumatiz.
Now any old color of tie will do.
I'm wearing a chest protector, too.
I've lost all love for the rowdy-dow,
I'm playing cribbage and checkers now.

The woman's fashions are naught to me,
I'm not as young as I used to be.
"I must stay downtown for a meeting of our board of directors,"
"Old man," she replied, "You'll have to come across with something better than that."
"Well, Jones wanted me to stay downtown to dinner with him and talk over a business matter,"
"Come again, angel," snapped my wife. "Mr. Jones just went by on his way home."
I was on hand immediately with another excuse. No man should go to the telephone with less than five.

UNCLE WALT The Poet Philosopher

Copyright, 1909, by George Matthew Adams

BY WALT MASON

Full many a merchant, in his gloomy store, in sorrow sits, and wonders as he weeps why people come to buy his goods no more, those goods piled up in dusty, musty heaps. "I wonder how," in agony he means, "I've got myself, apparently, in Dutch? Few men come here to spend their shining bones—"

the answer is, he always talked too much. "I wonder why," a lonely housewife sighs, "my husband stays from home when he can? He used to say that I had starry eyes, that I was fashioned on the good goddess plan. And now the love that once he did profess, seems crippled sore, and hobbling on a crutch; what have I done to earn this dire distress?" The answer is, she always talked too much. The careworn man, who's searching for a job, drags on his feet in weariness

and should have immediate efficient treatment with SCOTT'S EMULSION because physical power is reduced or the cold would not exist.

Drugged pills and alcoholic syrups are crutches, not remedies, but SCOTT'S EMULSION drives out the colds, warms the body by enriching the blood, and strengthens the lungs. Nothing equals or compares with SCOTT'S EMULSION in building the forces to prevent bronchitis, grippe or pneumonia. Avoid Alcoholic Substitutes.

NERVOUS DYSPEPSIA, GAS OR INDIGESTION

Each "Pape's Diapiesin" digests 3000 grains food, ending all stomach misery in five minutes.

Time it! Pape's Diapiesin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

and—woe! "I wonder why," he murmurs with a sob, "misfortune dogs me, everywhere I go? To earn success, I've striven and I've strained, and only sorrow do I seem to meet; my joys are lost as soon as they are gained, and on my uppers I must tread the street. Am I a Jonah, or the sport of fate? I hoodoo all and everything I touch; why must I beg for handouts at the gates?" The answer is, he always talked too much.

YOUNG MAN CAUGHT UNDER CAR WHEELS

Raymond Bruce, Twenty-two, Who Tried to "Flip" Train, May Die From His Injuries.

Raymond Bruce, a stranger, aged twenty-two years, may lose his life as the result of an attempt to "flip" a swift-moving freight train on the Northwestern railway in the South Janesville yards at five o'clock yesterday afternoon. Bruce had his right foot crushed so badly that amputation was made necessary. He also sustained injuries to the other limb and a dangerous scalp wound which may cause his death. The train was the time freight coming from Chicago. Bruce was evidently walking up the tracks and endeavored to catch the speeding freight train to ride to the yards. The engineers were hurrying into the lead of the train from the main line to catch the bank car to Janesville and were going at a high rate of speed. Bruce first tried to grab the handles on the side of the car but the train was too fast for him. In his second attempt he jumped for the bars, missed them and was thrown between the bumpers and beneath the wheels. The fact that the brake beams struck him and threw him away from the wheels saved him from being terribly mangled. From a seaman's card found on his clothes, his name was learned to be Raymond Bruce, and his home was in Kentucky. He had resided in Missouri before coming to Wisconsin. Bruce was very well dressed at the time of the accident was with a companion who tried to catch the freight from the other side of the track, but realized the danger and kept off.

Throughout the night Bruce lingered between life and death and this afternoon his condition was given as very low and death is expected before evening. He regained consciousness several times but was unable to give a "good" account of himself or anything authentic concerning his relatives.

M. E. BROTHERHOOD IN FIRST MEETING

H. M. Black Chosen President For Ensuing Year—Elaborate Banquet Opens Year's Work.

The Brotherhood of the Carriage M. E. church opened another season last evening, at an elaborate banquet and meeting. Election of officers was the first business of the meeting in which the following officers were chosen:

President, H. M. Black; 1st vice president, Alva Austin; 2nd vice president, Geo. A. Jacobs; 4th vice president, F. E. Beard; secretary, Clifford Austin; treasurer, Harold Greene. Following the election, Rev. Perry Miller, new district superintendent of the Janesville district, gave a brief opening address. Mr. Greeley, colored, representing a southern educational institution, continued with a very interesting talk on education in the south. The church quartette, composed of Drs. F. T. and S. F. Richards, Geo. Jacobs and F. K. P. Oane, entertained with several selections. Meetings will be held monthly with a banquet preceding each meeting.

MANY YOUNG WOMEN TO JOIN NEW CLASS

Unusual Opportunity is Offered for Physical Culture Work—To Meet And Organize Tonight.

Janesville young women who are desirous of entering a physical culture class will meet this evening at the high school gymnasium for the purpose of organizing and securing preliminary directions from Miss Hill in charge of girls' physical instruction work at the high school, who will have charge of the class during the fall and winter. The class will be formed primarily for young women who are employed in stores, offices, and factories and others who feel that they are in need of a course in physical training for the benefit of their general health. Miss Hill is confident that there will be a large number of girls who will take advantage of this opportunity. It is planned to hold a meeting once a week, each Wednesday evening, at the high school gymnasium. An interesting course of exercises and drills will be given.

All young women at all interested in the proposition are urged to be present at the organization meeting tonight at eight o'clock.

BRIEF LOCAL NEWS.

BELOIT MAN SENTENCED TO BREAD AND WATER

Albert Hull, sentenced to sixty days imprisonment in the county jail on conviction of drunkenness, and given work as a carpenter under the contract law at \$5.00 a day, went to Beloit and became intoxicated before his term expired and was yesterday sent back to jail by Judge Clark with the instruction that Sheriff Whipple place him on a bread and water diet for ten days in solitary confinement.

SHEETING REMOVED FROM BRIDGE PIER

Derrick Used in Its Construction Will Begin Work on East Abutment Pour Pier Tomorrow.

Sheet piling which formed the cofferdam in which case the east pier of the new Milwaukee Street bridge was removed today and the derrick which was used in its construction will be moved back to the east bank tonight for the purpose of building the abutment at that end. Anchor piling in pier No. 1 on the west side was sawed off to proper length today and a start at pouring concrete into the cofferdam will be made tomorrow morning. This work is expected to take not much more than a day's time as both tramway tracks and cars can be used. It was possible to use only one in building the east pier. Each pier requires about 170 cubic yards of concrete. The erection of falsework for the second arch out from the west bank was begun today. Vice President Seals of the Good Construction company, was in the city this morning.

MRS. MARIE KNOFF DIES VERY SUDDENLY

Aged Resident of Janesville Found Dead at Her Home This Morning—Was 76 Years of Age.

Retiring last evening in apparently the best of health, Mrs. Marie Knoff, widow of the late Herman Knoff, and for many years a resident of this city, was found dead in bed at her home this morning, 1315 West Bluff street, by her brother, Otto C. Kneipp. Mr. Kneipp and Mrs. Knoff had planned on going to Chicago on an early train today, and upon entering

MRS. MARIE KNOFF.

her home to take her to the depot this morning, she discovered that she had passed away some hours before.

Dr. C. W. Pfister was summoned at once, and he pronounced heart failure as being the cause of her death.

Mrs. Knoff who was seventy-six years of age, was born in Dresden, Germany in 1837. She moved to this country when a girl, and on April 4, 1858, was united in marriage to Herman Knoff. They have made this city their home since that time, Mr. Knoff having passed away at the Bluff street residence of Mrs. Knoff, on March 1, 1910.

Mrs. Knoff has lived alone since her husband's death, with the exception of several occasions when she made extended visits with her children.

She leaves five children, two daughters and three sons to mourn her death. Mrs. George Barrett and Mrs. George Harlow, both of Chicago; Richard and Herman of Alland, Wyoming; and Robert of Milwaukee. She also leaves ten grandchildren, of whom she was very fond.

Mrs. Knoff was endowed with many rich qualities and possessed a sunny temperament which endeared her to a host of friends. Kind-hearted and considerate she was highly beloved and esteemed. She was a regular church attendant and aimed always to live up to Christian teachings.

Funeral services have not been arranged as yet, but announcement will be made, as soon as the children arrive.

INCOME TAX REPORT SUBMITTED TO CLERK

Now on File for Public Inspection—Returns Made to Assessors Must Be Kept Secret.

Income Tax Assessor F. A. Taylor has submitted to County Clerk Howard Lee the annual income tax report which is now on file for inspection at the county clerk's office. The tax commission has notified the county clerks of the state that all assessments and tax rolls, including income tax rolls, must be treated as public records upon their completion. Tax returns, however, must not be made public, and violation of this order is subject to heavy penalty. The orders from the tax commission does not change the situation here, as records filed with Mr. Lee have always been considered public property. Tax returns made by individuals to the assessor of incomes are not public records, but the assessments which are made from these returns are regarded as such.

Her Husband.
"I asked my husband for some pin money this morning." "What did he say?" "He asked me how much pins were a paper."

GARDNER-TALLMAN WEDDING AT THREE

Miss Bessie W. Gardner and William B. Tallman Wedded at Bride's Home This Afternoon.

The wedding of Miss Bessie W. Gardner and William Bump Tallman took place at three o'clock this afternoon at the home of the bride's parents, Mr. and Mrs. James Gardner, on Milton avenue. The Reverend J. W. Laughlin read the marriage service. It was a quiet home wedding, only the relatives of the bride and groom being present.

The bride's gown was white chiffon with lace and pearl trimming. After the ceremony a luncheon was served. The centerpiece was a basket of yellow roses and the decorations were of autumn leaves.

Mr. and Mrs. Tallman left for a short trip after which they will make their home in Racine, Wis., where Mr. Tallman is engaged in business. They will be at home to their friends after December 1st. Mr. and Mrs. Tallman were both born in this city and have many friends who extend to them congratulations and best wishes.

Hankey-Elser.
Miss Marquette Hankey and Fred J. Elser, were united in marriage this afternoon at one-thirty at the parsonage of the St. Paul's Lutheran church, the Rev. J. C. Koerner performing the ceremony. They were attended by Miss Lena Blidke and William Elser, both of this city. Following the ceremony, the bride and groom went to the home of the bride's parents.

TALLMAN APPOINTED COURT COMMISSIONER

Named by Judge A. L. Sanborn at Special Session of United States District Court on Monday.

At a special session of the United States District court at Madison on Monday, Judge A. L. Sanborn appointed Stanley D. Tallman as federal court commissioner for a four year term. This is Mr. Tallman's second term as United States court commissioner. There is no salary connected with the office the remuneration depending entirely upon fees. The duties are much the same as the circuit court commissioners, the commissioner acting in the absence of the judge, hearing minor matters and signing orders.

THREE HUNDRED LIFE PRISONERS RECEIVED

More Than That Number Cared For
at State's Prison Since First
Sentence Was Passed.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., Oct. 8.—From the time that the first man was sent to Waupun for life imprisonment in 1851 to date, 311 have received such sentences, according to a report of the state board of control, which has just been completed. Of this number 297 were sentenced for murder in the first degree, 9 for murder in the second degree, 4 for rape and one for desertion of the army in 1861. This is the first detailed report of this character to be compiled by the state board of control in recent years.

Out of this total of 311 lifers, 89 are still incarcerated at the prison. The number of those who have been released is 222. The oldest living life prisoner in the institution is a man who was sentenced for murder in the first degree from the Oconto county circuit court on Oct. 25, 1872. He will have spent 42 years in the institution, one week from next Saturday. The first man to receive a life sentence was Patrick Maroney, now deceased, who was sent to the institution from Milwaukee county on March 5, 1851. The last lifer to be sent to Waupun during the past fiscal year came from Polk county last February.

The record of 322 life prisoners at the state's prison have been closed.

Other Prison Figures.

Approximately 25 percent died in the institution. To date sixty-three lifers in the sixty-two years history of the institution have died after serving from a minimum of four months to a maximum of 35 years. Of the total number who died at the prison the average length of incarceration was about 12 years.

Sixty-eight have been pardoned. The average length of term before pardon has been about nine years for these to whom executive clemency has been extended.

Twenty-seven have been paroled after serving from a minimum of 11 years to a maximum of 42 years in the institution. The average length of incarceration before parole has been about 27 years. Joseph Deleage, sentenced from Shawano county on Aug. 10, 1867, was paroled after 42 years of service. He recently died.

Twenty-five lifers have gone insane. Thirty have been discharged by the courts.

Twelve have had their sentences commuted.

Four were released through habeas corpus proceedings.

Four committed suicide.

Two escaped—one in 1885 and one in 1890. No escapes of lifers have been made in the past twenty-three years.

Parole Seldom Violated.

Prior to the session of the legislature of 1889 rape was punished by life imprisonment. Four men were given life sentences under this old statute in that year. The maximum penalty was reduced to 35 years.

The 1907 legislature enacted a law giving the state board of control power to parole prisoners, including lifers. Under the terms of this law a lifer must have served 20 years, less good behavior and time allowed, making 16 years and three months service as the minimum. The power has been exercised by the board with a good deal of discretion and to date 14 lifers have been put on parole. Many of these were old, feeble and ill, who were desirous of being home with friends before death. Not one violated his parole. The power of the board to make these paroles is subject to executive approval.

All convicts are employed in the manufacture of socks and stockings except those working on the farm in the kitchen. In the latter twelve plant or doing general repairing. Under the contracts the state receives 65 cents a day. Each prisoner is required to perform a certain amount of work. When this is finished his work is completed unless he desires to work for himself and have the money he has earned credited to him. The rate of wages is paid for overtime work as is paid to the state.

Earn State \$95,000.

During the past year the state received about \$95,000 for the labor of its prisoners and the prisoners themselves earned about \$20,000 additional.

All prisoners receive one cent a day regardless of whether they do overtime work as compensation for their labor. Under the prison schedule a lifer will earn at least \$3.26 the first year and under the scale allowed thereafter. Under a law passed at the last session 17 cents a day is paid in certain employments.

CROWNHART'S STATEMENT ON COMPENSATION LAW

Madison, Wis., Oct. 8.—Chairman C. H. Crownhart of the Industrial Commission, today gave out a statement in which he says that employees injured while going to or from their place of employment, are not entitled to compensation. The statement says:

"There is some misconception as to the holding of the commission sustained by the circuit court with reference to an employee of the City of Milwaukee, injured 'on his way to work'.

The employee in this case was directed to report for work at a certain place in the city. He so reported. He was then directed where to go to work. On his way, he was injured. The commission held that after he had reported for work at the place designated, he was performing service for the city incidental to his employment. This decision does not cover an employee going to his work before he has reported for work and become subjected to the direction of the employer."

St. Louis, Oct. 8.—A heavy hail storm succeeded by a cloudburst and a high wind broke over the western part of St. Louis today, flooding streets, breaking windows and tearing down trees and sign-boards. The rain fell so rapidly that the sewers could not carry the water and the sidewalks were flooded. Street cars on many lines were tied up for half an hour.

AGED DECATUR RECLUSE DIES, LEAVING FORTUNE

[BY ASSOCIATED PRESS.]
Decatur, Ill., Oct. 8.—John Bowman, aged 62, a wealthy and eccentric bachelor, died today at Stoughton. Though possessing more than \$500,000 Bowman lived a hermit's life for years. He had a hobby for collecting musical instruments and automobiles and though his house and garage were crowded with them, they were rarely used.

LAXATIVE FOR A CROSS, CONSTIPATED, SICK CHILD, "CALIFORNIA SYRUP OF FIGS."

Look Mother! See if the tongue is coated which denotes sluggish liver and bowels.

Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has sour stomach, diarrhoea, remember a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills. Give a tea-

spoonful and in just a few hours all the foul waste, sour bile and fermenting food, clogged in the bowels, passes out of the system and you have a well and playful child again.

All children love this harmless fruit laxative and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on each bottle.

Mother, keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50 cent bottle of "California Syrup of Figs." Then look and see that it is made by the "California Fig Syrup Company." We make no cheaper size. Don't be fooled.

FAMOUS WOMAN SWIMMER WEDS A BOSTON ATHLETE

[SPECIAL TO THE GAZETTE.]

Boston, Mass., Oct. 8.—Miss Aisie Aykroyd, who has a world-wide reputation as a long-distance swimmer, today took her first plunge into the matrimonial seas. In the Church of Our Lady of Lourdes, in Peachmont, she became the bride of Daniel L. O'Rourke, of East Boston, who has a wide reputation as an athlete. Two years ago Miss Aykroyd accomplished the difficult feat of swimming from Charlestown Bridge to Boston Light, a distance of more than 10 miles. A month later she made a 20-mile swim in New York Harbor and subsequently she performed similar feats in the River Thames and in the English channel.

The Evening Chit-Chat

WISE SPENDING A FINE ART.

MOST people think that earning money is a great deal harder than spending it.

And of course it is if the spending is done in a haphazard manner.

But to spend wisely and well, to know what and when to buy, and above all to know what and when not to buy is a very difficult thing.

A great many people in these days of careless spending seem to be obsessed by a passion for buying, not because they really want or need the article purchased, but because they enjoy the act of buying.

A friend of mine who has been doing her fall house-cleaning showed me a basket of things she was about to dispose of. Some of the things were useful or beautiful articles which had seen their days of service and were receiving an honorable discharge. But many others were foolish little things which had been bought not for any purpose of ornament or utility, but just the pleasure of buying. There were several felt penants which had been purchased at county fairs; there were a couple of cheap paper candle shades which had looked well in the shop, but had seemed so tawdry when she got them home that they had been hastily discarded; there were half a dozen souvenirs of various kinds, possessing all the ugliness and futility of the average souvenir; there were two fancy baskets. "I don't know what on earth I bought those for," she commented. "They are pretty enough but I had more than I could use before. A woman brought them round to the door one day and they seemed so cheap that I bought several."

How many things that we do not need or want are bought for just that reason, because they seem so cheap and we are exhilarated by the sense of getting a bargain!

As a matter of fact, we are not getting a bargain at all, for the best value in the world is not a bargain when it is something you do not need or want.

My friend's collection of articles to be disposed of is typical. Most of us could make a similar collection in our own garret, which means that most of us are sometimes foolish enough to buy just for the pleasure of buying.

A friend of mine, after wandering restlessly about examining everything, finally purchased half a dozen post cards in a little country drug store where she waited for the trolley on a vacation trip. "For whom are those?" we ventured to ask. She had already sent cards to all her friends and relatives. "They're not for anybody," she answered. "I just thought I'd buy a few because they're so pretty."

Later I saw those same cards cluttering up her writing desk. Evidently they will find their way into the garret, and from there into a collection of articles to be disposed of.

"It isn't the big things that eat up the money," someone has said, "it's this, that and the other."

To earn money is hard enough. To spend and refrain from spending intelligently, is even harder.

HEART and HOME PROBLEMS
BY MRS. L. H. CAMERON

Dear Mrs. Thompson: (1) I would like to know how to clean a white serge suit. It is trimmed with white satin.

(2) What kind of face powder or remedy is good to make a nice complexion, or should a fair looking woman use none at all?

FARMER'S WIFE.

(1) Put one gallon of gasoline in hot water. (Do this outdoors, away from any fire.) Lay the dress in the gasoline and let it remain for a while. When thoroughly soaked, squeeze it out, and put it into another pan of clean gasoline, soase it up and down well and when well rinsed hang it up outdoors to dry out. The dress ought to be clean after this process and can be pressed out with the iron. I do not think it will turn yellow.

(2) The nicest complexion is a clear, clean skin without any powder at all. The best face powders are very expensive.

Dear Mrs. Thompson: (1) Should a girl of thirteen go with a boy of the same age?

(2) Do you think in two years from now we will be too young to marry?

(3) When a boy winks, what is that the sign of?

(4) When going to town alone and a young man speaks to you and even pays your car fare, is it proper for you to treat him with respect?

(5) Is there any harm in me kissing a boy that I have known for three years?

(1) I see no harm in being friends with the boy, but I hope you don't think you're in love, my dear.

(2) In two years you will think you are in love with some other boy, I'm afraid, and two years after

that you'll wonder what you ever saw to be in love with in any of the boys you know now.

(3) I'm sure I don't know, "little girl." It isn't a very polite or respectful thing to do.

(4) If you are acquainted with the young man and know he is respectable, you should be courteous to him, of course. Otherwise it would be wrong for you to notice him at all.

(5) You are such a baby girl yet that there seems to be no harm in kissing a small boy of your age. Still, don't get the habit.

Dear Mrs. Thompson: I am a boy of fourteen. Will you please tell me how to clean a gray felt hat? Also, how to stiffen it without gumming the felt?

Put a little cold water into a saucer and add a few drops of ammonia. Sponge the hat with this thoroughly, after having brushed it free of dust. Then take a thick cloth, wring it out of cold water, lay it over the outside of the hat and iron it with a moderately hot iron until dry. When you pull away the cloth it will raise the nap and make it look almost like new. The ironing will also stiffen the hat somewhat.

Dear Mrs. Thompson: What will take a grass stain out of white stockings and white dresses?

Soak the spot in alcohol. If that will not dry, try peroxide, rinse well after soaking, then put in the sun to bleach out.

JOIA AND LEOLA.

and cool, chop the mint very fine and pound to a pulp. Add this with the lemon juice and grated lemon to the sweetened water and freeze, turning the crank rapidly. When frozen, remove the dasher, drain the water, repeat, cover well and stand aside for an hour to ripen. This is one of the most refreshing of all sherbets.

Southern Salad.

Material—Mint, leaves, one cup; boiling water, two cups; gelatine, one-half package; sugar, one cup; orange juice, one cup; lemon juice, three tablespoons; chopped pistachio or walnuts, one tablespoon.

Directions—Chop the mint and pour over them one cup of the boiling water; cover and set aside. Soak the gelatine in half a cupful of cold water for a moment and pour over it the remaining cupful of boiling water. Mix well until dissolved, then add the strained mint water, sugar, orange and lemon juice. Set in a cold place until it just begins to congeal and then add the chopped nuts and turn into small molds. Serve on a single service of lettuce with mayonnaise diluted with whipped cream. Garnish with the pistachio or English walnuts.

Mint Sandwiches for Afternoon Tea.

Select nice leaves of mint and put into a strainer, pour boiling water over and through it for a moment, drain and then chop very fine. When cold add to sweet butter with paprika, spread on very thin bread. Spread another piece with butter, dip in chopped nuts and press the two slices together. Remove the crumbs and cut in fancy shapes if desired. Very nicely decorated lettuce adds to the freshness when put between and on the filling.

Crystallized Mint Leaves.

Select the very nicest and largest leaves for crystallizing, wash clean

and dry. Make a syrup of one pint of sugar and one-half cup of water. Stir until the sugar is dissolved and boil until when dropped in cold water it becomes brittle. Remove, without shaking the pan, from the fire and set in hot water and add the juice of half a lemon to the syrup. Dip each mint leaf in the hot syrup and lay on paraffin paper to dry. Sprinkle with a little granulated sugar and serve on ice creams or ices. Orange strips may be made in the same manner except cooking the orange strips first until tender.

THE KITCHEN CABINET

IT IS a good thing to be rich, and a good thing to be strong, but it is a better thing to be beloved of many friends.

—Euphrides.

FROZEN DAINTIES.

There is no dessert which is so universally liked as frozen desserts. There is such a variety to choose from that there need never be a monotony. Water ices and sherbets are richer and smoother if the sugar and water are boiled together to a sirup.

Banana Cream.—Use for the foundation a plain ice cream, either cooked or a thin cream frozen and flavored, when half frozen stir in a pint of banana pulp which has been put through a ricer and mixed with the juice of half a lemon and one orange. Serve in pretty glasses garnished with bananas rolled in chopped pistachio nuts. The balls are made by using a French potato cutter. Chopped mint can be substituted for the nuts if they are not obtainable.

Maple Parfait.—This makes a delightful frozen sweet. Boil a cup of maple sirup until it threads. Beat the whites of three eggs until stiff and dry; pour the sirup over them, beating until cold. Add a teaspoonful of maple flavoring, and fold in a pint of whipped cream. Turn into a mold and let stand for four hours, packed in ice and salt.

Molded Ice Cream.—Prepare ice cream, freeze it, and then pack in a mold. When ready to serve, turn out and cover the cream with a cold chocolate icing. Garnish with chocolate dipped almonds.

A delicious maple sauce to serve with plain ice cream is hot maple sirup with hickory nuts.

Any fruit juices, with the addition of a little fruit that is made into a fine pulp is well liked. One may originate a new frozen dish every day by varying the combination. A spoonful of preserves, like strawberries, raspberries or pineapple, will make the plain ice cream quite an elegant dish.

QUARRELS WITH HER LOVER; SHOOTS SELF

Mrs. Catherine McDonald.

The life of Mrs. Catherine McDonald, the young Kentucky divorcee who shot herself through the breast on a crowded street in Indianapolis while after-theatergoers looked on, is in a critical condition. The woman made an effort to kill herself after quarrelling with her sweetheart, Joseph J. Netterville, son of State Senator Netterville, of Anderson, Ind.

Short Is Man's Life.

Remember, that man's life lies all within this present, as 'twere but a hair's breadth of time; as for the rest, the past is gone, the future yet unseen. Short, therefore, is man's life, and narrow is the corner of the earth wherein he dwells.—Marcus Aurelius.

MINT MAKES DAINTY DISHES.

"I know a bank whereon the wild thyme grows."

And many of us know where a fine bed of mint grows, or if we do not, we at least know the market where fresh, fragrant mint may be purchased for a few cents.

And we know that mint is becoming more universally used every day for flavoring many dishes.

A spring of mint in lima beans and other vegetables not strong in flavor, while cooking gives a delicate flavor to the vegetables, which I think is absolutely essential—at least we think so, which is the same thing in a sauce or jelly for lamb. A leaf put into a glass when filling with hot crabapple jelly gives a delicious flavor.

For sandwich fillings in salads and salad dressings, sherbets, vinegars, punch and lemonade, to say nothing of the usual Southern favorite, will grow in the kitchen window along with the box of parsley and can be had fresh for the picking whenever desired. Grow some mint in the house or garden once and you would never be without it.

Material—Mint, twenty-four large stalks; sugar, two cups; juice of lemons, two; grated rind of one lemon; water, one quart.

Directions—Put the water and sugar into the saucepan over the fire and stir until the sugar is dissolved. Boil five minutes and skim, strain

HOUSEHOLD HINTS

THINGS WORTH KNOWING.

If you will rub the backs of old paintings with oil of cedar insects

they will not injure them.

In dusting gilt frames, use a soft brush instead of a cloth duster, as the cloth will dim the polish.

If your washbowl leaks, try mending with paraffin. Dry well with a cloth and pour melted paraffin around the cracks.

Try cleaning moldy walls with a weak solution of chloride of lime.

THE TABLE.

Dark Fruit Cake—Half of a cup of butter, three-fourths of a cup of brown sugar, half of a cup of raisins, seed and cut in bits, half of a cup of currants, one-fourth of a cup of citron in thin slices, half of a cup of molasses, two eggs, half of a cup of coffee, two cups of flour, half of a teaspoonful of soda, one teaspoonful of cinnamon, half of a teaspoonful of mace, one-fourth of a teaspoonful of

mix in the usual manner, adding the fruit to the creamed butter and flour and sifting the spices and soda with the flour. Bake in two pans about one hour and a quarter.

Salt Rising Bread—For the rising take a "cupcup" one-third full of water, pinch of salt, pepper, sugar and soda and three heaping teaspoons of cornmeal. Beat well, put in a crock of warm water. Set this at supper time. In morning take pan of flour (four quarts) and one tablespoon salt, one pint milk, two quarts warm water; mix well, add raising, let rise about one hour, then mix into four loaves. Be sure to keep warm. Let raise until light. Bake about forty minutes.

Plum Pie—Take all the lean left-over meat and mince in small particles. Enrich with a thickened stock gravy or plain butter sauce. Make nests out of mashed potatoes, hollowing out the center with a spoon. Place a spoonful of the gravied meat in the hollow, dust with pepper and salt, brush over with melted butter and brown in a quick oven.

Walnut Whip—Select big, juicy stewed prunes, allowing three for each person. Remove stones and fill cavities with broken walnut meats. Break in pieces four sweetened wafers, add one-quarter cup chopped walnut meats, two tablespoons sugar, half teaspoon vanilla extract, and one cup whipped cream; pour over prunes and serve at once in sherbet glasses.

Chocolate Charlotte—Use whites of five eggs beaten to a stiff froth, one cup sugar boiled to a thin sirup with three-fourths cup water, and two ounces unsweetened chocolate. Pour over the whites of eggs, add teaspoon of vanilla and bake until set. Serve very cold with custard sauce made from the yolks of the eggs.

Baked Hash—One pound round steak chopped fine, five large potatoes, one large onion chopped fine. Mix well together, add heaping tablespoon flour, season with salt and pepper. Put into buttered pan and cover with water and bits of butter; cover well. Bake in oven until nearly done, then remove cover and let brown.

Philly Pie—Take all the lean left-over meat and mince in small particles. Enrich with a thickened stock gravy or plain butter sauce. TAKE MANY RIBBONS ON BLOODED SHEEP

Eli Crall and Son of Center Take 130 Prizes on Stock During Past Fair Season.

East Center, Oct. 8.—E. Crall and son, of the town of Center, who exhibited their Southdown, Shropshire, and Cheviot sheep at six county fairs and the state fair, were very fortunate in capturing one hundred and thirty ribbons, winning nine championships, sixty-four firsts, thirty-nine seconds and eighteen thirds. Twenty-seven of these premiums were won in Milwaukee—nine firsts, eight seconds, ten thirds and two specials.

Mrs. S. L. Crall entertained at a linen shower for Miss Mary Hanke last Tuesday afternoon. Miss Hanke, who was married to Frank Wilkie on Thursday, was the recipient of a number of very nice presents. After a pleasant afternoon had been spent the guests did justice to a delicious supper.

Harry De Jean was a caller in this vicinity last Saturday.

Miss Verna Davis of Fort Atkinson spent Saturday night and Sunday at the home of her parents.

Mr. and Mrs. Sarow were Sunday guests of their son, Will, and wife.

BROTHERHOOD HOLDS ITS FIRST MEETING

Otterbein Brotherhood of United Brethren Church Organizes Under New Constitution.

Organized under a new constitution and with a larger number of members enrolled than ever before the Otterbein Brotherhood of the United Brethren church, held its initial meeting of the year at the church basement last evening.

Supper was served at seven o'clock by the ladies of the Helping Hand society. Officers elected for the ensuing year were: B. F. Starr, president; Blanchard Winslow, vice president; S. H. Jolner, secretary; Herman Krajer, treasurer.

Meetings will be held evenings on the second Wednesday of each month.

ST. PAUL STATION PLATFORM ENLARGED

Will Relieve Congestion Due to Transfer of Baggage at Thirty Trains

Because the three tracks at the St. Paul station are unable to handle the baggage, express and mail shipment from the five trains due in Janesville at ten-thirty in the morning, the company is laying a platform over the small part east of the baggage room facing Race street.

In the past when the Mineral Point train came into the station tracks, it was forced to wait to transfer baggage, mail and express to the incoming trains, due ten to twenty minutes later, causing great delay and confusion among the passengers changing cars as the track platforms are not large enough to allow the truckmen to work without hindering passengers on boarding the train.

If any of the five trains were late, the four others were forced to wait for the transferring of baggage and it was seldom that any of the trains left the station on time. Hereafter train number eight to Mineral Point will stop at the siding in the rear of the station and the baggage, mail and express will be unloaded on the platform ready for the other trains.

Saving the truckmen a great amount of additional labor and leaving the Madison train a clear track.

Dinner Stories

A young Irishman was sent by his backers to a neighboring city to box with an athlete living there.

He was getting the worst of it, as his friends soon realized.

"Come, brace up, Jim," cautioned one of his friends. "Stop more of his blows."

"Stop him!" the unfortunate Jim cried. "Do ye see any av thim gettin' by me?"

He was running for congress and found that there was a certain Irishman in his district who steadfastly refused to accord him any support.

So it was with much surprise that the colonel was advised by the Cal just before election day that he had concluded to give him his vote.

"Glad to hear that, Pat," said the colonel. "I rather thought you were against me."

"Well, sir," said Pat, "to tell the truth, I was; and when ye stud by me pippen and talked that day for two hours or more, ye didn't bugge me a hair's breadth. But, sir, after ye was gone away I got to thinkin' how ye reached yer hand over the fence and scratched the pig on the back till he laid down wid the pleasure av it; it was thim I made up me mind that wthin a rale colonel was as sociable as that I wasn't the man to vote ag'in him."

She was an excellent tennis player and could paddle a canoe most gracefully, but this was her first attendance at a horse show.

"A good judge of horseflesh?" inquired one of her friends. "Oh, I should say not. I never tasted any," she said.

AN OLD REMEDY

Beef, Iron and Wine is one of the good old remedies that has outlived a score of patent tonics, reasonable in price, a satisfactory tonic, appetizer and mild stimulant. There is nothing better for that tired, worried, listless feeling or run-down condition of the system after illness of any kind. It tones the whole system, stimulates digestion, gives you appetite, is a good iron tonic for weak, nervous, and old people, far more effective than malt extracts or so-called wine of cod liver oil that depend upon their stimulants alone. Beef, Iron and Wine tones and sustains, it assists nature to recuperate, it's a food to the sick and nursing mothers.

Mr. Pfennig, our Graduate Pharmacist and Chemist, prepares our Beef, Iron and Wine. It's always fresh, made from the very best extract of beef, wholesome, properly aged sherry wine and cod liver oil.

We don't sell ready-made, hand-made, factory-manufactured Beef, Iron and Wine. We believe and know that medicine should be compounded only by the experienced and scientifically trained.

Try a bottle of our Beef, Iron and Wine as made by Mr. Pfennig, 75c a full pint. Note its wholesome taste and invigorating effect. You will be more than satisfied. Get it at the Badger Drug Co., Milwaukee and River streets.

For the convenience of its patrons and the public generally, the Gazette has established a branch office with Mr. Baker's Drug Store and Corner West Milwaukee and Franklin streets.

Copy for classified advertisements, orders for papers, subscriptions and matters of this nature, as well as items of news may be left at the Baker Drug Store, and will receive the same prompt attention as if they were sent direct to the office.

Parcel Post Maps Free with a year's subscription to the Daily Gazette. Value of the map \$1.00. They are on sale at Baker's Drug Store and Gazette office to Gazette patrons, also at 25c, or 45c by mail.
